Circus Posterus began in 2000 as a collective of fine artists, illustrators, gallery curators, designers and collaborators working together to create exhibitions, art projects and events utilizing their diverse professional backgrounds. Highly sought-after fine artists Kathie Olivas and Brandt Peters founded the group, which has evolved into an internationally recognized company. The acclaimed couple focused their unique talents in creating original artworks, toy design, print making, and developed all the business skills to not only promote their own artistic pursuits but to help other artists better manage their artwork, careers, and merchandising.

The Stranger Factory brings a fresh perspective to the American art + design scene, connecting world class artists from the Pop Surrealist and Lowbrow movements to New Mexico. Dedicated to providing aspiring art collectors the opportunity to begin their collections with original artworks and limited edition releases at affordable prices, Stranger Factory is not only a collaborative effort among the artists...but between the space and its patrons as well.
